Geography - Rivers

In Geography we will:

- Identify, describe and compare how physical features of rivers change from source to mouth
- Use a range of maps and fieldwork techniques to determine whether a river is a healthy habitat
- Explain why river estuaries are such important ecosystems for wildlife
- Describe the components of the water cycle and explain the important role that rivers play
- Explore why Bangladesh is at such risk of serious annual river flooding

Spiders – Year 5 and 6

Spring Term 1

RE – How does faith help people when life gets hard?

- Explore the ups and downs of life
- Explore what people believe happens when we die
- Explore what people do when people die

MFL

- At the Café
- Accent

The Water Cycle

Each day	Each week	Each Half Term
<ul style="list-style-type: none"> - Please read your book each day – even if it is just a few pages. <u>This is the most important activity you can do!</u> - Bug Club books need to be read at least twice for fluency - If you are on Accelerated Reader, you can quiz on this website either at home or when you come to school the next morning: https://global-zone61.renaissance-go.com/welcomeportal/2236638 or scan the code ... 	<p>English</p> <ul style="list-style-type: none"> - Practice your weekly spelling list ready for a check each Friday - Handwriting <p>Maths</p> <ul style="list-style-type: none"> - Times Tables Rockstars - Maths.co.uk Quiz (fortnightly) <p>SPAG</p> <ul style="list-style-type: none"> - SPAG.com Quiz (fortnightly) 	<p><u>Topic home learning task</u></p> <p>To develop their understanding of the human use of rivers by carrying out an investigation:</p> <p>Why was the Three Gorges Dam built across the Chang Jiang (Yangtze River) in China?</p> <p>Write a geographical report or produce a PowerPoint presentation that includes brief background information on location (with maps) and construction but most importantly an explanation of its purpose in terms of generating hydroelectric power.</p>
